

'round town

with Betty Allen...

Well, the Cats and the Fair are both past history, but they won't be forgotten for some time.

Unfortunately, my visit to the Fair was during the hottest part of the hottest day, and I couldn't put my mind entirely on what I was seeing because I kept wondering what the first symptoms of sunstroke are. But I did notice that many Campbell people had excellent exhibits of their skill in handicraft and hobbies as well as breeding and growing.

In the art exhibit there was a nice still life by Manuel Rose... and of course oils by F. H. Cutting and his two students, Mrs. E. R. Thompson and Mrs. L. R. Lewis who are rapidly winning new honors and recognition for themselves.

To get back to the Fair... Mrs. Thompson wasn't the only one in her family to be represented, for her husband had several photographs entered in the photographic display. His work shows great imagination and a firm understanding of the technical background for fine work. My favorite was a cat on a window sill...

Weren't you proud of Campbell's entry? And did you notice it had special mention? Our women certainly showed that they are past masters in all the arts connected with home-making.

Some of the Campbell people whom I noticed as winners in sundry divisions were Mrs. John Benson, dahlias; John Benson, cactus; B. A. Miller, tomatoes; Donald Given Oriental, Mille Fleur and Black Tail Japanese bantams; O. B. Hunt, Silver Laced Wyandottes and Silver Spangled Hamburgs; H. W. Steindorf, Rhode Island Reds; Byron S. Brown, Silver Laced Wyandottes; S. W. Stephenson, Leghorns; and Lawrence Grotguth, swine showmanship.

Campbell youngsters took their share of prizes with Babe McBain, 11, winning first in the 50-yard dash and sack races and second in the girls' pie eating contest. Ruth White was a winner in the peanut race and Marie Rutledge in another race. Helping with the Kids' Day was Beverley Suess, who served as a judge. One of the judges for the girls' division of the 4-H work was Mrs. W. E. Robinson.

There was a lot of excitement in the Administration Building for a while... a paratrooper had jumped out of a plane and came floating down through the sultry sky as per schedule, but in landing something went wrong and he hit a wire which cut off the electricity for the fair grounds. Among the people with frantic problems caused by the shut-off was a harassed woman in charge of some one due to perform. This person was at the main gate but the guard there would not let him in and the switchboard was tied up with weightier matters so she couldn't phone the gate. I never did find out what happened to the poor man...

Strangely enough the poultry and rabbit tents were the most comfortable... and why is it that everyone seems to like rabbits? You rarely find a person who dislikes them... maybe we were all conditioned in childhood by that old friend, Peter Rabbit.

At the Chamber of Commerce meeting last week members voted to work in conjunction with the Taxpayers' Association for incorporation and also to support in every way possible the petition for industrial zoning in Campbell. Since July, eight new industries have located in the Santa Clara Valley. One of these, the Stauffer Chemical Co., tried for two months to locate in Campbell, but no suitable site could be found which was zoned for industry. Its large agricultural and research laboratory will be located in Mountain View.

The Board of Supervisors have the power to limit the boundaries, but not to exceed the ones set up in the original petition.

Western Gravel Co.	25.00
Rachel's Dress Shop	25.00
Wheeler's Creamery	10.00
Field's Store	25.00
J. M. Dahl	25.00

R. E. Schaeffe served as chairman of Monday evening's Taxpayers' meeting and guest speaker was J. A. Bonacina, city attorney of Sunnyvale, who discussed forms of taxation and pointed out the advantages of incorporation. He stressed the need of capable government for the community.

Before adjourning tribute was paid to the memory of Nick Hedegard.

Sanitary Board Elects Officers

The recently re-elected board of directors for the Campbell Sanitary District has elected the following officers: Charles E. DeSelle who succeeds himself and Ethan Lanphear who succeeds Ross Trowbridge, the board's only previous secretary who was elected at the time the board was formed and has held the position ever since.

Legionnaires Assured Housing At S. F. Meet

There is still time to plan attending the great post-war convention of the American Legion in San Francisco, Sept. 29-Oct. 4, Joe L. Lumpkin, national convention director, declared today. And housing for some 16,000 "stag" Legionnaires has been arranged at Treasure Island, although these are going fast and early action is advised.

Any member of the Legion in good standing may send a check or post office money order for \$7 to the Legion National Convention Bureau Committee, 226 Veterans' Building, San Francisco, and receive registration tickets, which are good for four nights' lodging on Treasure Island. Legionnaires must specify whether they will arrive Sunday, Sept. 29, or Monday, Sept. 30.

At the same time, Lumpkin pointed out that civilians may take part in many of the Legion activities during the San Francisco convention.

Tickets to the three main entertainment events may be purchased at the Auditorium ticket window during the convention. They also are on sale at leading hotels, drug stores and cigar stores in San Francisco.

Complete details on these ticket sales and other news of Legion convention activities are printed in the California Legionnaire edition of Sept. 15. It looks like a really big time is in store for all attending Legion convention—but, Lumpkin pointed out, action is necessary now.

An automobile accident claimed another life Saturday when Fred Moody, 39, of 17 Dillon Ave., died at the County Hospital of injuries received when the car in which he was riding with Wilbur Fry, York Ave., crashed into a tree on San Tomas Road. Both men who are serving in the Army were en route to their station at Camp Beale.

Fry, the driver of the car, is reported in a serious condition in Letterman Hospital in San Francisco.

McDonald of San Jose; a sister, Mrs. Lena Weeks of Indianola, Okla.; and three brothers, Wayne Moody of Visalia, Nolan Moody of San Jose, and J. C. McDonald of Camarillo.

Christmas Parcels For Overseas

Christmas parcels for Naval and Marine Corps personnel in the extreme forward areas should be mailed not later than Oct. 15, to afford probability of delivery before Christmas day. Parcels for personnel known to be in an area permitting subsequent mailing may be mailed at appropriate dates selected by the sender.

It is important that parcels for overseas be packed in exceptionally strong containers, that the senders follow the postal regulations which prohibit mailing perishables overseas, that the full name, serial number, and complete address of the recipient be used, and that all packages containing valuables be insured.

It should be noted that poor packing often results not only in the loss of one package, but also in damage to other parcels or obliteration of their addresses.

A Tribute Written For Mrs. Voge

We are proud to present the following tribute written in memory of Mrs. Lillian Voge by her friend, Alexandra Mazurova, who has, we feel, touched the elusive emotion aroused in her friends by the quiet librarian, Mrs. Mazurova, who has lived in Campbell since 1927, is a Russian authoress, lecturer and columnist for the San Francisco daily, "Russian Life"—Editor.

Lillian Voge was laid to rest last Friday in Berkeley, to rest after a tense, dramatic life, dedicated to high ideals and marked by spiritual fineness, intellectual eagerness, artistic sensitivity and a broad outlook on life.

Campbell has lost its old librarian; not the kind that presides over the desk formally, with a mechanical smile, stereotyped greetings as the books are being stamped in the same manner as a storekeeper clicks the cash register. Mrs. Voge was a gracious hostess as she passed on to the public, books, which were part of her life, always interested in the reader's reactions, so anxious to help those with whom reading is more than a pastime.

She was amazingly well-read and informed and had a deep appreciation of fine literature. The rich background of her cosmopolitan experiences, together with her truly cultured human substance made out of the small-town library a spot where most sophisticated people found a delightful refuge. She would do things which she was not expected

Santa Clara County Fair Is Success

Santa Clara County's most successful fair wound up its six-day run Sunday night with a record crowd and a blaze of fireworks.

Despite the heat wave, more than 20,000 persons turned out for a last chance to see the million dollar show. Total attendance at the fair was more than 101,000, according to Russell E. Pettit, fair manager.

Special attractions the final day of the fair were the horse show, the horseshoe pitching tournament, the sulky races, and the finals in the kids' sports program.

These events were programmed, in addition to the agricultural and industrial exhibits, the women's handicrafts, the art show and the flower show, and the free entertainment program and free dancing which were daily attractions throughout the six days of the fair.

Four horse shows, one of them a juvenile event, climaxed the last three days of the fair. Highbred show horses and champion western stock appeared before enthusiastic crowds at each of the three main shows and won about \$5500 in premium money, plus gold trophies and special prizes. The junior horse show was informal, but fast and smooth, and proved one of the most popular events of the whole fair.

Other special weekend events at the fair were an auction of livestock raised by 4-H club members and the kids' program which began Friday and continued throughout Sunday afternoon.

Meanwhile, thousands of visitors from all over Central California thronged the various exhibits of livestock, agricultural and industrial products, the art and flower shows, women's handicrafts, and the specialty exhibits of many kinds.

The program of 14 acts by professional entertainers which played to a packed grandstand every afternoon and evening of the fair, was given for the last time Sunday night, with a grand finale of fireworks blazing across the sky.

Football Practice Gets Under Way At Campbell High

By ANTHONY ZEPPA

"With the loss of veterans from last year, the team will take considerable time to get into top condition, although much progress has been made, much more is yet to be learned in order to have a successful season."

With these words Coach Herb Hudson takes over his position in what is hoped to be a very snappy gridiron campaign.

"With the loss of veterans from last year, the team will take considerable time to get into top condition, although much progress has been made, much more is yet to be learned in order to have a successful season."

With these words Coach Herb Hudson takes over his position in what is hoped to be a very snappy gridiron campaign.

After being a lieutenant in the Navy for three years, Coach Herb Hudson resumes his chores at Campbell High. He has been in Campbell since 1939 and last spring he was elected president of the S. C. V. A. L. Campbell is very proud to have an outstanding figure such as he.

Coach Harold Drummond was also discharged recently from the Army. After being a captain for three years, will also continue coaching here.

In the '46 gridiron campaign, Campbell High had a large turnout of 80 candidates reporting for practice; half of which will battle with varsity competition, while the other 40 will compose the 30s.

The varsity squad is headed by Coach Herb Hudson, and Harold Drummond will supervise the lightweights.

To overcome the time situation, the heavyweights began practice a week before school started. Since then they have made considerable advancements in passing, line plunges and the general mechanics of football.

The swift backfield composed of two returning lettermen, Buck and Gouly, with also Kuykendall and Lapina as their running mates, should make the "T" formation click.

The forward wall is supported with four returning veterans and other capable linemen. The experienced are M. Estrada, L. Estrada, C. Rizzuto and J. O'Neil. Under the capable supervision of Coach Harold Drummond, the lightweights started their practice on Wednesday and now are under the constant pressure of getting into shape.

The varsity squad is composed of the following: Ends: Eddie Bersano, Archie Duarte, Levi Estrada, Reg Gazay, Ed Hillman, Jesse Holt, Harry Pankoski; tackles: Chas. Cutting, Richard Fields, Ray Russo, Wally and Willy Schaeffe, Jim Spalding, Jim Taylor, John Talia, Ray Thompson; guards: Dick Chapman, Mel Estrada, Ron Flagg, Chas. Rizzuto, Wayne Lisk, Roy Wingartner, Anthony Zeppa; centers: Don Abel, Vic Corsiglia, Anthony Marone, Jack O'Neil; quarterbacks: Wayne Buck, George Gleed; halfbacks: Dick Gouly, Dan Hill, Jay Kuykendall, Bob Merrill, Harold Orcutt, Ernie Wilson; fullbacks: Jerry Holt, Anthony Lapina.

The 30s is made up of the following: Richard Miller, Garth Wayman, Frank Shepard, Loren Warning, Delbert Ambler, Angelo Aspesi, Fred Aspesi, Herb Bonds, Don Black, Jack Garner, Richard Geraci, Dick Yaeger, Chas. Witworth, Chas. Kohlman, Lawrence Phaviss, Richard Abinante, Oliver Price, Jim Beth, Abel Brown, John Mooley, LaVerne La Mar, Bill Starr, John Giacomazzi, Joe Marovich, Robert Capp, Eddie Pierson, Dan Gashler, Don Reid, Anthony Ciraulo, Sam Liera, George Ingram, Allan Hansen, Marvin Ehrson, Fred Hawkinson.

Every week a name will be drawn from our list of new subscribers and printed in the classified ad column. The person whose name appears there may receive two free passes to the Campbell Theater by calling at the Press Office. Look and see if your name is there!

SUPERVISORS MEMO.

At Sept. 16th's meeting of the County Board of Supervisors, maps and approved bonds were accepted from Ray Mathis and Sweet Home Manor subdivisions. Oct. 14th was fixed as the date for hearing a petition to annex contiguous territory to the Campbell Fire District.

Jack Anderson Speaks At Kiwanis Luncheon

By MARTIN ALLEN

The library hall was packed Tuesday afternoon when Kiwanis members and their guests met for luncheon to hear a speaker of unusual interest.

Congressman Jack Anderson gave an enlightening "on the scene" report of the Atom Bomb tests at Bikini Atoll. Anderson, a member of the House Naval Affairs Committee, was one of the few civilians privileged to witness this historic event, and he described in detail the multitude of instruments aboard the target ship and the security measures taken to protect some 45,000 personnel located in the area of the test. Congressman Anderson was aboard the observing ship U.S.S.

Jack Anderson

Panamint, and from his vantage point in the crow's nest high on the foremast of the vessel he witnessed both the "Able Day" and "Baker Day" tests.

Anderson went aboard the target ship after both tests and told of the utter destruction wrought by the bombs, although only 10% of the potential destructive power of the bomb was used.

An interesting sidelight on the "Able Day" test was the naval "drone" plane that flew into the mushroom cloud to pick up radio active samples and return to base only to be lost by its mother ship. The drone was located some time later by radar 100 miles from Bikini headed full speed for Tokyo. The mother ship picked it up by radio and the drone and its precious cargo landed none the worse for its runaway.

Congressman Anderson will repeat his Atom Bomb talk at the Campbell Union High School on Fathers' night, Wednesday, Nov. 13. Anyone interested in hearing the talk is invited to attend.

Guests at the meeting were W. C. Bohnett, Herb Hudson, Bill Weeks, Frank Coombs, J. A. Brand, C. Gerevas, Les Fairchild, Roy Stephens, Neil Sellers, Jack Burns of Campbell; Harry Wilson, Jack Adam, Russ Lambert of Los Gatos, and Ed Hunter of San Jose.

HOLD FIRST MEETING

The Moreland PTA will hold its first meeting of the fall semester on Wednesday, Oct. 2. On Friday, Sept. 27 at 2:30 there will be an executive board meeting at the school.

As the 1946 season of county fairs and fiestas draws toward a close, California can look back on an exceptionally fine series of such events this year. To be sure, some county fairs could not be held because the Army did not vacate their properties in time and others could not restore their plants because of Government restrictions on building.

On the whole, however, the 1946 presentation of fairs and fiestas creditably achieved the purposes for which they were destined, namely, to exhibit the products of California soil and the talents of California people in all their richness and variety. Next year they should do even better.

COOLS TOWARD PRESS

WASHINGTON. — Newsmen probably won't write about it, but President Truman's Bermuda trip climaxed a significant change in his relations with the press. The old days of intimate, chummy talks now have vanished! Truman was cool, aloof, even chilly.

And for good reason. Some of his supposedly most trusted news friends let him down. Off-the-record talks which the President thought were going only to half a dozen people leaked out and became the property of millions.

Most disillusioning of these was a reunion of the "Hard Rock Club" a group of a dozen newsmen who covered Truman's vice-presidential campaign when he was ignored by the rest of the country.

Several weeks ago the President invited the boys to an evening on the yacht Williamsburg. They played poker, drank bourbon and generally let their hair down—especially the President. He was indiscreet enough to tell all about the Russian situation and what he thought of Chester Bowles—then OPA administrator.

His remarks were not complimentary. Truman minced no words about either Bowles or the Russians and it was hard to say which he liked least. Although he favored OPA, he thought the fight to win its approval from Congress would not have been so hard if Bowles had not issued so much propaganda and talked so much.

Shortly afterward, Time magazine published a brief account of this very confidential evening. Blame for the leak fell upon Edward Lockett, Time staffer who is a member of the Hard Rock club.

Truman was so indignant that for a long time he would not speak to Lockett. Other club members virtually ostracized him.

Later, the Chicago Sun's Tom Reynolds, no member of the club, wrote another account of the President's off-the-record remarks on that memorable evening. Naturally, Truman's views got back to the Russians. This made him even more vexed—and worried.

So from now on the chief executive has decided not to be the naive and trusting gentleman he once was with his supposed close friends of the press. During the Bermuda trip, for instance, he gave Press Secretary Charlie Ross instructions that newsmen were to ask no questions which did not pertain directly to the trip. And when one man violated this rule to ask why Rhode Island's Sen. Theodore Green was not invited aboard the Williamsburg, the President nearly snapped his head off.

LEARN OF SPEECH

Final decision for the Jimmy Byrnes speech on Germany was imparted to high officials in Washington about 12 days before he made it. The suspicion is that the Russians learned about it at the same time.

Byrnes phoned President Truman about 12 days in advance, told him the Russians were on the rampage, that nothing could be done to satisfy them. He therefore proposed that the United States and Great Britain try to set up a German government which could be won over to democracy and which could serve as a bulwark against Russia.

President Truman, who has come to put complete trust in Byrnes' judgment, agreed.

Whether or not the Russians tapped the trans-Atlantic phone, or whether they had other ways of knowing what was going on is anyone's guess. Maybe it was just coincidence.

Anyway, it was shortly after this that Foreign Minister Molotov made his sudden, mystery flight to Moscow. Simultaneously, inspired stories began to leak out of Poland that Russia would take Silesia away from Poland and give it to Germany. Obviously this was German bait to counteract the offer Byrnes was going to make to Germany.

If Russia goes ahead with this policy of "The Soviet giveth and the Soviet taketh away," it will cause the toughest showdown so far experienced between Moscow and Washington.

The categorical Byrnes-Truman position is that the Soviet can neither "giveth nor taketh" without the consent of its allies, that

Letter to the Editor

Dear Editor:

To the parents, friends and townspeople of Campbell, and to those who are interested in the happiness and welfare of the youth in our community:

Our plans for the young people are advancing, but slowly due to the lack of interest and encouragement from our own community, and so they are going to neighboring towns looking for their activity and fun.

We are at present working on plans for establishing a library and reading room, a band and a small theater with those in our group are dramatically inclined, games are necessary to fill the leisure hours of our ever active young and tables and chairs on which to place their games of checkers, cards, dominoes, monopoly and various games.

At present our funds are quite low, but our greatest difficulty is lack of attendance. We have 50 members with only 18 members regularly attending. With the help and interest of parents taking part I am sure our membership will grow, as well as active interest of those who at present belong but are not attending.

The boys are making book shelves for our library from orange crates given to us by The Pepper Tree Market. The girls are making stage curtains from burlap sacks; any one who has burlap sacks not in use could donate them.

We are planning a penny arcade and box socials to raise funds for activities, for we are in need of two reading lamps, one table and chair and bench padding and covers for benches in our library; also a small grill or two-burner gas plate for our kitchen, as well as games, card tables and chairs, and some odds and ends of furniture and props for our stage.

So come on parents, join in and help by coming to our activities and taking part in the fun. Mothers help your daughters prepare those lovely boxes and dads bring your sons and show them how to really bid, also join in the fun at our penny arcade and help our pennies turn into dollars to make our youth center at the Scout Hall in Campbell a happy, wholesome, joyful place to be. Please watch for notice of dates for our penny arcade and box socials.

Director.

San Jose Football Team Shaping Up

San Jose State College's 1946 football team preparing for its opening game against Willamette University at Spartan Stadium on Friday night, Sept. 27, is rapidly shaping up to its advance notices as being one of the strongest elevens in the history of the school.

Coach Bill Hubbard's tentative starting team has five lettermen from pre-war Spartan days, four transfers and two players without any college competition. The backfield will average around 193 pounds, while the forward wall tips the Fairbanks at close to 203.

Spearheading Hubbard's "T" formation attack is Frank Minini, a 215-pound fullback who played in 1941. Minini, a No. 1 candidate for All-Coast honors at the fullback berth, hits the line like a heavy artillery piece, and runs the ends with all of his 10-flat speed.

Halfbacks are George Robinson, a letterman, who will probably open at right half, and Babe Nomura, Japanese-American left half, who last year tied Jackie

Fellows' all-time Southern California junior college record of 15 TD passes in one season. Nomura gained all conference recognition playing for Los Angeles City College.

Quarterbacking the team will be one of two newcomers, Pete Deney, a Los Gatos high school lad who played with the unofficial SJS frosh squad last year, or Jim Jackson, a veteran of service football, having performed for the Ft. Pierce Amphibians in 1945.

Probable ends will be George Terry, senior letterman at the left flank, and Ray Overhouse, Sacramento JC transfer at right end. Terry is another candidate for All-Coast honors. Adept at pass-catching, he is equally strong on defense.

Tackles are likely to be Val Marchi, a transfer from University of San Francisco who weighs in at 240, and Jack Faulk, a 230-pound All-Peninsula Athletic League nominee from Jefferson high school in Daly City.

Two lettermen hold down guard positions; Bill Perry, a transferred quarterback, and Hans Wiedenhofer, one of the stars of the 1941 team. Bob Pifferini, transfer from Modesto JC, is at

center, although Bob Cheim, 1942 frosh, is pushing him hard.

Hubbard can field a second team backfield that is practically on a par with the tentative first team. Allen Hardisty, another letterman and veteran of 1942 play with St. Mary's Pre-flight, will be at fullback. Hardisty would probably play first team on any squad without Minini.

Halfback will be Bill Rhyne, a 9.8 sprinter who starred with

Hardisty on the Navy team at Moraga, and Max Culver, who gained All-Southern California junior college selection for his 15 touchdowns scored while playing for Long Beach City College last season.

The quarterbacking will be handled by either Deney or Jackson, whichever one fails to get the call with the first unit. Both are good passers and smart ball players for the number one back position.

WALTER SMILEY WRITES

A recent letter received by a friend from Walter Smiley informed that he was enjoying a vacation rest at Sol Duc Hot Springs in the Olympic National Park, Port Angeles, Wash. Trout fishing was fine within a 100 feet of his cabin.

Said that this place was the locale of the book "The Egg and I", a contemporary best seller.

He stated that living conditions in that part of the country are not as bad as the author would have one believe.

He sent greetings to any enquiring friends and is still located in Seattle.

SET YOUR SIGHTS

It takes
planning
to achieve
a goal

Some young men know what they want and plan for it. Others are still looking for their niche. The new Regular Army can help both. Perhaps you want to go to college but can't afford it. If you enlist in the Army, you'll get your chance. Honorably discharged after a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you can qualify. The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, plus \$65 a month living allowance—\$90 a month if you have dependents. If you haven't found your spot, an Army enlistment offers you training in any of 200 trades and skills. You leave the service eligible for further training at the best civilian schools. You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

HIGHLIGHTS OF REGULAR ARMY ENLISTMENT

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Officers.
5. Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.
6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
7. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

Strolling In The Shops

with Susie Shopper

By LOUISE TORDT
It seems as though our merchants have given particular attention this week to the teen agers—everything from bubble bath to grass catchers. Perhaps for the girls I should reverse the order of these two items.

Clark's has the bubble bath which comes in the Sweet and Lovely sets which also contain soap, cologne, bath mits, and lip soother. These sets are convenient for overnight trips and are especially popular due to the potency of the bubble bath.

The grass catchers are at the Campbell Hardware. Better hurry as the number is limited. Dad will be pleased to know that he can also get vises and pipe wrenches at this store. Quite an assortment of hammers and hatchets are also to be found.

Rachel is living up to her reputation of pleasing us. She now has blouses which are just that combination blouses and slips. These are made of rayon diagonal sharkskin and are well tailored. The advantage—your shirt tail doesn't have a chance to be found!

Are you having trouble finding something new to read? You need look no further, just go to The What Not where new books for lending library are arriving each week. Some of the most recent are: "This Side of Innocence" by Taylor Caldwell; "Sudden Guest" by Christopher La Farge; "The Hucksters" by Frederick Wake-man, and Faith Baldwin's new "Woman and Her Way". Many new and exciting mysteries and non-fiction books are also available.

Back to the teen agers again we find new sweaters for the boys at Benson's. These are really super! Made of wool with a close weave they have long sleeves and two pockets and come in soft shades of blue, green, yellow and maize.

Does your girl need a few more cool dresses? The Dresser Drawer has some that are cool made with an interesting three-color square effect. The colors are yellow, blue and pink. They button down the front, are easy to laundry. Also something special for the baby are cover fasteners either in plain or fancy duck type and harnesses to keep baby in the buggy.

No matter what your taste in stationery you can find it at the House of Riches. "Sherrilite" which contains sheer blue, pink, and white sheets would be fine for those who need lots of space for saying sweet nothings. The kind I liked best was off white with a maroon border. There are note papers with musical notes, cupid notes, and mountain boys, each with sayings to match the pictures, and lovely note paper with real etchings. A complete line of exquisite Christmas cards is also on display.

ADULT CLASS TO START
Laurance C. Hill, Campbell High School principal, announces that an adult class in clothes making will be held at the high school every Thursday afternoon from 3:40 to 4:40.

Those desiring to take the course may register at the high school office for a very nominal sum.

During the course, students will take up the study of tailoring suits, making coats and dresses, remodeling clothes, making children's clothes, and the selection of patterns and materials.

BACK IN CAMPBELL
Mr. and Mrs. Bill Weeks and their family are being welcomed back to Campbell after a summer in Guerneville and other places in Sonoma County. They will be at home on Prune Ridge.

Eastern Star Notes

Worthy Matron Virginia Currie and Worthy Patron Guy Levitt presided at the meeting of Campbell Chapter U. D. Order of the Eastern Star on Friday evening, Sept. 20. It was Appointive Officers night and a large crowd of visitors including two Deputy Grand Matrons and several Matrons and Patrons were present. During the business meeting several petitions for the degrees were received.

The appointive officers, Lillian Agostinho, marshal, with Mae Hartwell hostess; Marie Hendricks, chaplain, Frances Duncan, organist, with Mary Duncan hostess; Lulu Levitt, warder with Margaret Dunton hostess; George Jeffers, flag bearer, with Roy Archibald host, and Audrey Currie with Charles DeSelle host, entertained as their guests, six visiting marshals, three chaplains, three organists, eight warders, six flag bearers and three sentinels.

The entertainment consisted of flute solos by Kathrine Fuller and songs by Mrs. Gregory Parker, both of whom were accompanied on the piano by Erma Sanders. The theme being "Back to School" a skit, "The Fishing Hole", presented by the Country Boy and Lanky Lou, caused much amusement, after which, on behalf of the appointive officers, they presented the Worthy Matron and Patron with gifts.

All were invited to the banquet hall where refreshments were served by Eliza Jeffers, chairman, with wives and husbands of appointive officers assisting. Also assisting were Eveline Grant, Ida Currie, Hancie Naylor, Frances Wayne and Guy Sheppard.

The next meeting, Oct. 4, will be the second anniversary of the Chapter.

The Star Circle will meet Oct. 11 at the Cramer home on So. Winchester with Mrs. Cramer, Claudine Hancock and Marie Suess as hostesses.

The committee for the meeting of Sept. 6 were Catherine Cole, chairman, Sue Miller, Ellen Tutt, Ella Elkey, Hazel Scott and Mae Hartwell.

RALLY DAY PLANS MADE

Next Sunday is Rally Day at the Methodist Church. The Sunday School will meet at 9:45 a. m., with short sessions in the various classes. The whole school will assemble in the church sanctuary for the singing of hymns, and special features. Recognition will be given to those who have had perfect attendance records.

Sunday will be the first meeting of Col. James McBride's Adult Bible Class. This class is open to all adults, and will meet each Sunday during the regular class session.

At the 11 o'clock worship service, the Sunday School officers and teachers will take part in a consecration service for their tasks in the coming year. The minister will preach on the topic, "Do We Care Enough?"

ILL AT HOME
Dr. John Mott has been ill at home for the past few days.

Small craft storm warning signals displayed by the U. S. Weather Bureau consists of a single red pennant with an eight foot hoist, and 15 feet fly, and indicate that moderately strong winds that will interfere with the safe operation of small craft are expected.

National Dog Week Spotlight Being Observed

By Mary Lynne Thompson

The annual observance of National Dog Week has been officially announced for the week of Sept. 22 to 28.

Organized 28 years ago by Capt. Will Judy in the interest of better dogs and better dog owners, it has now on its advisory board such nationally known personalities as Robert L. (Believe It or Not) Ripley, Harry L. Caesar, president Dogs for Defense, Inc.; Sydney H. Coleman, president American Humane Association, and John Phillips, member of Congress from California. The main objects of the week are: A good dog for every home and a good owner for every dog—To eliminate stray dogs from the street by maintaining pounds conducted by humane organizations; to teach respect for the rights of the public (an obedience-trained dog will not annoy the neighbors); to teach kindness to dogs and all animals; to defeat legislation detrimental to the welfare of the dog and support legislation for the protection of the dog and the dog owner.

fare of the dog and support legislation for the protection of the dog and the dog owner.

As the old saying goes—"Every dog has his day", and for the last 28 years he has also had his week, but although he may not realize it, 1946 has been his year. No observance of National Dog Week would be complete without placing on record the tribute paid to the dog by members of Congress before the Judiciary Sub-Committee of the House Committee of the District of Columbia hearing held on Feb. 28 and March 1 of a bill to prohibit the use of living dogs in scientific research. The bill known as H. R. 491 or 5572 was introduced by Representative Wm. Lemke of North Dakota who led the discussion for the proponents. In the course of the hearing he said:

"In World War I the dog took his place with the armed forces on the battlefields. He guarded the wounded and carried messages... but in World War II he occupied the foxholes with the G.I.s. He gave them comfort and courage. He watched and protected millions of dollars of supplies. He was wounded and died with the fighting men of this Nation. No one dare deny but what he played a large part in the war. That is why so many G.I.s are interested and have written members of Congress to pass this bill. They tell us that the dog was not only a companion but a protector."

Classrooms Crowded

By LOUISE TORDT

School has started. The average classroom at Campbell Grammar School has 45 pupils. For the first grade, where the recommended number is 25, the average is slightly higher. Since under the present law no State money is allotted for kindergarten pupils, a school does not have to accept these pupils. Our grammar school does not have sufficient room, and at present we have 40 kindergarten pupils on a waiting list. If Proposition 3 is passed a school will receive the same amount of State money for these pupils as for those of other grades. Is it fair to our future citizens to start their education in crowded classrooms?

"No," you say, "but what can I do? All schools are crowded. The situation will improve when the new schools are built."

Will the situation improve? You can't have classes without teachers. Let's look at the facts.

Enrollments in California's elementary schools will be doubled within eight years. If California children are to be given proper education the number of teachers should be doubled. With the number of teachers being trained at the present time this will be impossible. The University of California at Los Angeles had requests for 2,600 teachers last year. Only 30 received credentials! Sophomores at the University were asked why they were not interested in becoming teachers. The answer which ranked first was that of low salary. About 40 per cent of all teachers in California's public schools last year received less than \$2,400; about 55 per cent of all elementary teachers received less than this amount. Is it any wonder young people turn to other professions?

The average lawyer in this State receives \$6,733 a year while the average dentist can count on \$4,506; yet we allow those who train our children for future life to receive less than \$2,400!

The only way we can be sure of improving this alarming situation is to get busy and educate people on the necessity of passing Proposition 3. Many organizations have pledged to support this amendment. Let's help!

"The Hasty Heart" First Stage Event

The first of a list of outstanding Broadway successes with the New York production is the Lewis and Young production of John Patrick's "The Hasty Heart", which will have one performance

Erin O'Brien-Moore in "The Hasty Heart"

in San Jose on Sunday evening, Oct. 13. The comedy resulted from John Patrick's tour of duty with the American Field Service as an ambulance driver in North Africa, Syria, India and Burma. It was in a British-Burmese base hospital that he found the theme of his play. Although set in a hospital, the play is "always funny, sometimes profoundly touching", and deals with a universal theme, which accounts for its universal appeal, as in Frank Bacon's "Lightnin'". "State of the Union" and "Glass Menagerie" will show later in San Jose.

HUNT FOODS, INC. ELECTS FREDERICK R. WEISMAN PRESIDENT

Hunt Foods, Inc., recently announced the election of Frederick R. Weisman as president of the company at a meeting of the board of directors on Sept. 17.

Mr. Weisman, at 34, is one of the youngest presidents of a major company in the country. He started his career in the food industry in 1937 as a field man with Val-Vita Food Products Company of Fullerton, California. From field work he successively rose to become plant manager, treasurer, and vice-president.

Mr. Weisman came into the 56-year-old Hunt organization in 1943 as vice-president.

M. E. Wangenheim, who became president of Hunt in 1945 when California Conserving Company merged into Hunt Foods, Inc., becomes chairman of the executive committee. Mr. Wangenheim, with 21 years experience in the food business, will direct the newly created executive committee in coordinating Hunt Foods' operations.

Hunt is this year anticipating sales in excess of \$50,000,000 and widening its national distribution. New distribution will be backed up by a strong national advertising campaign, including full-page, four color ads in Life magazine.

The largest and most spectacular animal found in Death Valley National Monument is the Nelson bighorn sheep.

Campbell Court Notes

By Judge Blaine

Years ago a Campbell barber had on his wall this pathetic poem:

I had a friend, and him I trusted; I lost my friend, and I went bustled;

To lose a friend made me so sore That I resolved to trust no more.

'Tis said that necessity is the mother of invention, and to assist merchants and other creditors in keeping friends there was invented the convenient Small Claims Court. No attorneys are allowed, bills are handled up to \$50, and to the bills are added all costs.

In a recent local case a debtor had moved to a distant county without leaving his address. The creditor learned the address by accident. A Small Claims summons was mailed to the constable of the debtor's township. Nine days later the Campbell court received the constable's check in full of bill and costs. The creditor was not out a penny.

In another recent case a debtor who had moved away and had been served with a Small Claims summons promised to pay in three weekly installments. No payment was made. The debtor's wages were attached on Execution. About two-thirds of the debt was recovered this time. The debtor quit his job. Nevertheless a second Execution caught enough wages to pay the rest of the bill and costs except for 25 cents unexpected service costs.

The filing fee in a Small Claims case is \$1.00. Registered mail service of the summons is 50 cents. Constable's service of the summons runs from \$1.00 up to \$2.50, or thereabouts, according to difficulty and distance. All costs, as said, are added to the bill.

Small Claims suits for just debts are not always successful, but many hundreds of dollars have been collected by Campbell Small Claims Court—with much benefit to friendship.

National forests are publicly owned timberlands, controlled by the Forest Service of the United States Department of Agriculture.

W. T. Ogier On State Agriculture Committee

W. T. Ogier of Campbell has been appointed a member of the Agricultural Committee of the State Chamber of Commerce. He is one of the 32 county civic leaders recently appointed by Frank M. Shay, State Chamber's regional chairman of the committee for the Central Coast Counties which comprises Santa Clara, San Mateo, Monterey, Santa Cruz, San Benito, San Luis Obispo, San Francisco, Alameda and Contra Costa counties.

STANFORD TO PLAY FIRST GAME SINCE 1942

Stanford opens her first season of intercollegiate football since 1942 in the stadium at Palo Alto next Saturday, Sept. 28, against what many people say is the University of Idaho's "best ever" team.

The Indians are very much an unknown quantity as they plunge into their nine-game schedule, which includes Idaho, University of San Francisco, UCLA, Santa Clara, Southern California, Oregon State, Washington, Washington State, and California, in that order. Most of the experts relegate Stanford to seventh or eighth place, in predicting the outcome of the Pacific Coast Conference race, but quite a number of people who have watched the Redskins in practice aren't so sure they will finish that low.

It's true that Coach Marchie Schwartz has only nine former lettermen as compared to 47 on one campus, 36 on another, and upwards of twenty on others, but a number of promising young players may help to equalize that tremendous handicap. All who have seen the early workouts here agree that the Indians will have an extremely colorful and interesting team and one which will improve very fast with experience.

REARRANGES ENTIRE STOCK

L. E. Garcia says the reason for all the midnight oil burning last week was the necessity of rearranging stock to make room for the new pipe for which Garcia is a new distributor. He says there is nothing to the rumor that he tangled with the OPA.

Box Office Reporter

Playing for three days at the Campbell Theater next week is "Rhapsody in Blue". For the large audience that responds to music—and the music covers the field from "I Got Rhythm" to Gershwin's "Concerto in F"—Warner's adaptation of the life of Gershwin cannot fail to be an exciting experience. Jesse L. Lasky has produced it with taste and ingenuity, and an abundance of talent. In addition to the cast headed by Robert Alda, Joan Leslie, Alexis Smith, and Charles Coburn, Al Jolson appears to sing "Swanee" as he has always sung it, Paul Whiteman conducts a stirring performance of the title piece, Hozel Scott recalls the "Blue Monday Blues" and Anne Brown sings the haunting "Summertime" from "Porgy and Bess". Oscar Levant plays himself. Gershwin, as portrayed with fine earnestness by Alda, emerges as a poignant hero obsessed with the need to write music and with the shortness of time. His easy triumph with popular songs does not deter him from more serious compositions. During his short life, according to the screenplay written by Howard Kock and Elliott Paul, from a story by Sonja Levien, two women loved him while recognizing the prior claim of his music.

The film begins on the lower east side of New York when a piano is hoisted up into the Gershwin flat and follows George through successive triumphs in George White's "Scandal", at Carnegie Hall, with his folk-opera, "Porgy and Bess". It closes at the New York Lewisohn Stadium, where an overflowing audience thrills to his "Rhapsody in Blue".

It was directed by Irving Rapper. Morris Carnovsky as George's father and Albert Basserman as his music teacher give fine performances.
